

PRODUCT UPDATES:

Stay on Track with To-Dos

The To-Dos dashboard tile provides a birds-eye view of tasks that need to be completed.

There are two viewing options: the ability to see the entire foundation's tasks or items just meant for you. To-Dos ensure your entire organization is on the same page, work is streamlined, and everyone has the visibility needed to be productive.

Let's take a deeper dive into the differences between the two viewing options.

Multi-view Selection

The drop-down feature makes it easy to change views right from the dashboard. The central placements reduce the need for multiple clicks to toggle between the information, while making it clear which view you are using.

The screenshot shows the 'Foundation To-Dos' dashboard. At the top, there are navigation tabs: Grants (24), Certificates (1), Foundation To-Dos (16), Applications (1), Outcomes (23), and Tasks. Below the tabs, there are three buttons: 'Outcomes to Review (9)', 'Foundation To-Dos (16)', and 'Outcomes to Create (1)'. A dropdown menu is open over the 'Foundation To-Dos' button, showing options for 'View To-Dos for all Foundation Members' and 'My To-Dos (View only To-Dos that require your attention)'. The main table has columns: Tag, Payment Date, Payment Status, Grantee, Grant Purpose, Payment Amount, Due Date, and Action(s). Two rows are visible, both with 'Complete' status.

Tag	Payment Date	Payment Status	Grantee	Grant Purpose	Payment Amount	Due Date	Action(s)
...	03/21/2023	Complete	TRINITY HISTORIC PRESERVATION SOCIETY	Scrubbed	\$2,000.00	10/18/2023	Details
...	03/15/2023	Complete	DOGS FINDING DOGS INC	Scrubbed	\$6,000.00	06/20/2023	Details

Foundation To-Dos

The Foundation To-Dos are a view of all outstanding items across the foundation. These To-Dos may show tasks that you have personally completed but are outstanding by others. This view maintains entitlements, so Foundation Members will not see anything they may be restricted from.

This screenshot shows the 'Foundation To-Dos' dashboard with the dropdown menu closed. The navigation tabs are the same. The buttons now show 'Outcomes to Review (9)', 'Outcomes Past Due (15)', and 'Outcomes to Create (1)'. The table structure is identical to the previous screenshot, showing two rows of completed items.

Tag	Payment Date	Payment Status	Grantee	Grant Purpose	Payment Amount	Due Date	Action(s)
...	03/21/2023	Complete	TRINITY HISTORIC PRESERVATION SOCIETY	Scrubbed	\$2,000.00	10/18/2023	Details
...	03/15/2023	Complete	DOGS FINDING DOGS INC	Scrubbed	\$6,000.00	06/20/2023	Details

My To-Dos

The My To-Dos feature was created so that each member can focus on tasks that are actionable to them. This includes their tasks, items that require voting and other open items that the Foundation Member can act on. It is possible that the two views may be different based on user permissions and actionable items.

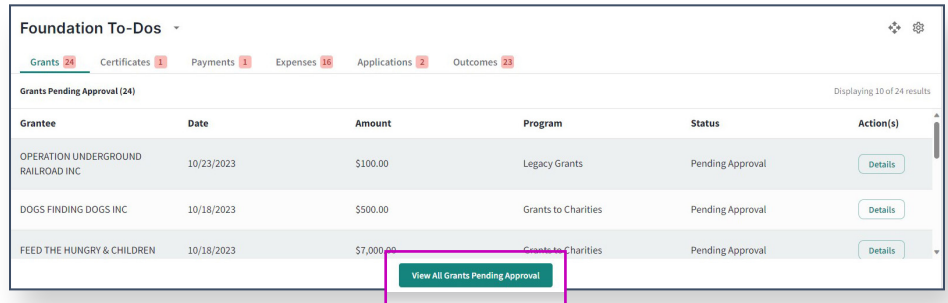

The screenshot shows the 'My To-Dos' dashboard. The navigation tabs are: Certificates (0), Applications (1), Outcomes (23), and Tasks (0). There are two buttons: 'Applications to Review (1)' and 'Applications to Approve / Decline (0)'. The table has columns: Tag, Applied On, Applicant, Application Name, Amount Requested, Amount Recommended, and Action(s). One row is visible with 'Applied On' date 10/26/2023.

Tag	Applied On	Applicant	Application Name	Amount Requested	Amount Recommended	Action(s)
...	10/26/2023	Final Organization	Project	\$1,000.00	\$0.00	Details

Some elements are common between both views.

View All

Each subtab will show the first ten items in the To-Do tile. To ‘View All’ items, click the link at the bottom of each subtab. The item count will match the total on the dashboard.

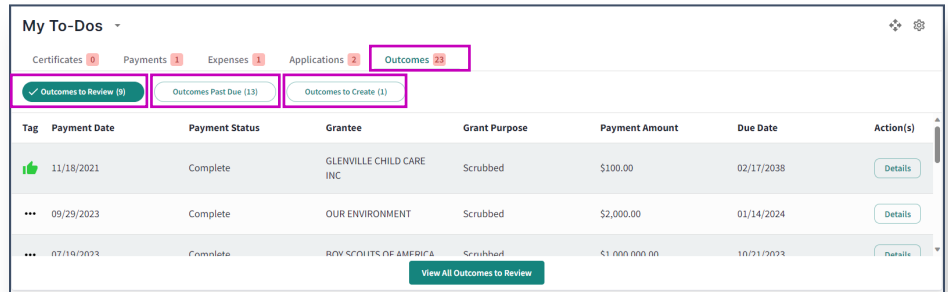

Notification Counts

Notification Counts will reflect the number of open items in each tab. If there are multiple subtabs, the parent tab will add them all together. For example:

Outcomes Tab Notification Count is 23:

- Outcomes to Review is 9
- Outcomes Past Due is 13
- Outcomes to Create is 1

Viewer Access

Access to viewing information is based on permission level. For a detailed listing, refer to the chart below.

Tab/Subtab	Foundation ToDos Based on User Permissions and Foundation Attributes	My To-Dos Based on User Permissions and Committees
Grants Require Voting	Foundation has committees	On at least one committee
Grant Certificates Require Voting	Foundation has committees	On at least one committee
Grant Certificates to be Printed	Member can view Grant Certificates	Member can view Grant Certificates
Payments to be Released	Member can View Grants	Member has hold/release permission
